

# SPECIAL COMMUNICATION

---

At the February 27, 2014 Colorado Springs Regional Business Alliance (Business Alliance) Board of Directors meeting, **the Board voted unanimously to fully support the City for Champions projects**, including:

1. Galvanizing support of the business community as these projects are advanced
2. Engaging the resources of the organization through our:
  - o Sports Economy Team
  - o Government Affairs Advisory Council
  - o Military Affairs Council (MAC)
3. Offering the engagement of the Business Alliance Finance Council to review the financial plans of each project to ensure the optimization and viability of each project.

We look forward to the continued and important work of our community partners who are leading these four important projects, and offer them our commitment to see them through to fruition.
