

GET THE FACTS

COLORADO SPORTS AND EVENT CENTER

OVERVIEW

Despite being home to half the country's Olympic sports National Governing Bodies, as well as native and visiting sports enthusiasts, Colorado Springs has very limited urban sports venues. Many of the local National Governing Bodies must venture outside the state to host events such as annual qualifiers, time trials and championships.

The Colorado Sports and Event Center will consist of a 10,000 seat outdoor multi-use stadium accommodating outdoor sports such as soccer, rugby and lacrosse, and an indoor venue with a flexible hard-court configuration for six basketball courts and seating arrangements for up to 3,000 spectators. These sporting facilities, co-located with the United States Olympic Museum, will catalyze economic development in an area key to the vitality of the entire Colorado Springs community.

PROGRAM

The Colorado Sports and Event Center is a state-of-the art amateur and professional sports complex consisting of a large outdoor sporting venue and a multi-use indoor facility:

- 10,000 seat outdoor stadium / 200,000 SF
- 3,000 seat indoor venue / 140,000 SF
- Showcasing regional and national events from local National Governing Bodies (47 Olympic sports, 23 based in Colorado Springs) such as USA Wrestling, USA Cycling, USA Triathlon, USA Boxing, USA Volleyball and others
- Pre-Olympic and amateur sporting events will include Olympic Time Trials, Qualifiers, Playoffs and World Championship events
- Adjacent to the United States Olympic Museum
