June 6, 2014

Gentlemen,

The Colorado Springs Police Protective Association (an organization of over 900 members) wishes to express our support for the City for Champions project in Colorado Springs, CO. We feel this undertaking will add to the economic vitality as well as the overall beauty of our city; both of which are valuable assets to our wonderful community.

We believe that the City for Champions project will increase tourism, which will in turn generate more revenue to improve and increase services our city provides to its citizens (including public safety). The project will also provide a wealth of opportunities for local families to participate in and enjoy, making this project a win-win for all.

Never before have we had such strong collaboration from our neighbors to the north in the support of this initiative. Not only will the City for Champions benefit the City of Colorado Springs, it will also benefit our state as a whole. This is clearly why leaders statewide are interested in the success of this venture. This is clearly why the Colorado Springs Police Protective Association supports this endeavor.

Sincerely,

Mike Singels
Vice President

Robin Rogers
Executive Director
